**Germany is arming fast, and  
no one is going to stop her.**

*Sir Winston Churchill, to the  
Parliament, 1934*

**The era of  
procrastination, of half-  
measures, of soothing  
and baffling expedients,  
of delays is coming to  
its close. In its place we  
are entering a period of  
consequences.**

*House of Commons,  
November 1936*

**One ought never to turn one's back on a threatened danger and try to run away from it. If you do that, you will double the danger. But if you meet it promptly and without flinching, you will reduce the danger by half. Never run away from anything. Never!**
